Mission Society of Enrolled Agents

A Message from our President

Dearest Mission Society of Enrolled Agents,

We are at the crossroads of an interesting time. Lots of matured and experienced tax professionals in our industry are retiring. They understood the value of membership with MSEA, CSEA and NAEA. One reason why memberships were high at the time was founding members like Len Williams, along with his group, devoted their intellect, time, efforts and money into this association.

But the new incoming members do not seem to hold the same vision this association was founded upon. We have existing and new professionals entering our industry struggling to value their memberships with MSEA, CSEA and NAEA.

We live in a society which is commoditized, meaning we pay for something and we receive something back in return instantly. That is what lots of members try to see, and struggle to find that value from their membership dues. Unfortunately, that is not the best way of evaluating your return of Membership.

Remember, like our founders who worked hard for this association, membership dues is not an expense it is an investment for you and future generations.

Your membership creates a platform through which you can connect to the state and Federal Government.

It is a platform that allows you to convey your real tax issues and receive information from the tax agencies to solve, or prevent, your client tax problems. It is a platform that allows connecting with Enrolled Agents and other tax professionals in making your voice heard.

This platform is available to you in the form of monthly Board Meetings and luncheons. You'll discover this Platform when attending education events. You'll find yourself becoming

part of this platform that delivers solutions to solve your client problems. It's a platform that allows you to get out of the office and connect.

If you are constantly fighting to find time you need Mission Society. Join a committee and be part of the platform that solves your problems and makes you look like a hero. Your membership dues are an opportunity.

Take it do not miss it.

We look forward to see meet and greet our members more frequently in the events hosted by MSEA.

Fondest Regards,

Varish Modi, EA
MSEA President
