1. **Where else do you pay for only 24 hours of CE and receive complete materials for all 24 seminars? That works out to be over 50 hours of free education. No other provider offers such a fabulous benefit.**

2. **If you need to change topics at the 11th hour it is optional to change to a more appropriate class at no additional charge, and still get the education credit you need.**

3. **Breakfast with Buddies - Networking! A great place to meet and network with other members of your chapter. This is a good time to encourage participation at the chapter level.**

4. **Visit with vendors - A wide array of vendors are represented at the Exhibitor Showcase. Most offer discounts when you purchase their products at the show. Learn about new features that may help your business operations.**

5. **Nationally renowned faculty. An opportunity for one on one questions and answers. They actually stick around and are more than willing to answer particular questions. Most give out their contact info so you can email any time during the year with your questions. They have always been very responsive.**

6. **Meet Enrolled tax professionals from around the state and country; Many with areas of expertise you may find useful.**

7. **Don't forget about all the fun you will have while attending. It really is an experience you don't want to miss.**
