- Monthly Speakers

MEMBERSHIP

Mission Society of Enrolled Agents

Is your membership Active or Passive?

Dear Fellow MSEA Members,

No doubt you are all familiar with active and passive gains and losses as you prepare your client's tax returns. It is usually more beneficial when we can deal with active losses rather than passive losses since the passive variety usually get suspended and passed along to the next tax year and don't allow us to provide a current benefit to our clients.

For many years I had been a passive member of MSEA- My Loss. At Super Seminar Las Vegas I was approached by Ms. Amaral as she was seeking new leaders for the 2016/2017 board of directors. When asked if I would serve a position for MSEA my first thought was "I don't have enough time!" But the truth is we can all make time for something we care about and that usually turns into an immediate active gain! Mission Society of Enrolled Agents is a worthwhile association where we can utilize our individual specialties in developing growth and leadership to this industry.

I have now changed my passive membership loss into an active gain. I hope to encourage other members to become more involved. Not only does it force you to get out of the office, it allows you to network with local Enrolled Agents and get to know what your tax association can really do for you, as well as what you can do for your tax association!

You can start by joining us for the monthly lunch meeting to hear quality tax information and updates
